

September 14th, 2009

We are pleased to announce the appointment of PSI Controls, a division of Piping Specialties Inc, as the exclusive representatives for Kurz Instruments, Inc, a Monterey, CA based manufacturer of industrial gas mass flow meters and flow, level & interface switches.

PSI Controls will provide promotional activities and support of the Kurz products in the states of Maine, Massachusetts, Rhode Island, Vermont, New Hampshire and Connecticut.

Kurz Instruments, Inc has been providing industrial gas mass flow meter solutions for more than 30 years with proven applications in the following markets.

**Coal-Fired Power Plants:**

Primary Combustion Air to Coal Pulverizers  
Secondary Air, Tertiary Air  
Natural Gas, Compressed Air  
Stack Flow Monitors (EPA)

**Waste Water Treatment Plants:**

Aeration Air  
Digester Gas  
Chlorine Gas  
Compressed Air

**Pulp and Paper Industry:**

Primary, Secondary and Tertiary air in power boilers and recovery boilers  
Stack Flow Monitoring (EPA)  
Wastewater Treatment Gas Flows

**Petro-Chemical Industry:**

Flare Gas Monitors  
Stack Flow Monitors (EPA)  
Hydrocarbon gases of all types  
Compressed Air, Natural Gas

**Cement Industry:**

Kiln Air Flow  
Stack Flows (EPA)  
Process Gases

**Other:**

Manufacturing: Facility/Energy Management Compressed Air, Natural Gas, Argon, Nitrogen, etc  
Brewing: CO<sub>2</sub>, Compressed Air  
Pharmaceutical: Air and other gases  
Aerospace: Air flow measurement for various applications  
Semiconductor: High Purity gases  
Packaged Electric Generation: Natural Gas, Air  
Air Sampling in Nuclear Power Plants and Nuclear Fuel Processing and Waste Storage Facilities
