& Controls**

October 1, 2009

We are pleased to announce the appointment of Piping Specialties Inc. as the exclusive OEM representative for Cash Valve products, a division of Tyco Valves and Controls North America. Cash Valve is a Black Mountain, North Carolina based manufacturer of pressure regulators, back pressure valves, temperature regulators and cryogenic controls.

Piping Specialties Inc. will provide sales, technical and promotional support for Cash Valve products to the New England states of Connecticut, Rhode Island, Massachusetts, Vermont, New Hampshire and Maine.

Cash Valve is focused on providing quality regulators, back pressure valves, temperature regulators and cryogenic controls for steam, air, gas and liquid applications.

For more information on our product capabilities and specific applications, please visit our website at www.cashvalve.com.

Regards,

Craig Booker
